**E - Energy, you attract**  
**M - More people who see your**  
**B - Beauty and worth. Own your**  
**E - Enoughness, and the**  
**R - Right ones will find you**

November, the eleventh month, marks the transition to winter in many parts of the Northern Hemisphere, with cooler temperatures and the possibility of early snowfall in some regions. It is a month of reflection, gratitude and preparation for the upcoming winter season in many parts of the World.

Diwali, also known as Deepawali, is one of the most significant festivals and is celebrated by millions of people worldwide. It represents the triumph of knowledge over ignorance. It is celebrated with the belief that it brings positivity, prosperity, and blessings into one's life, making it an auspicious and joyous occasion.

The month of November also holds one of the most celebrated days for the children i.e. Children's Day. It is a day dedicated to recognizing the celebrating the joys and innocence of childhood. Children are the future, and this day acknowledges their role in society. It's a day for parents, teachers, and caregivers to spend quality time with children, strengthening the bond between generations. Children are encouraged to showcase their talents, creativity, and potential. Children's day is a reminder of the importance of protecting, nurturing, and empowering children to ensure their wellbeing and a better future for all.

Moving further in this month, we would also be celebrating Guru Nanak Jayanti, also known as Gurupurab, which celebrates the birth of Guru Nanak Dev Ji, the founder of Sikhism. It's a time to promote values of equality, compassion, and selfless service, making it relevant and important for people of all faiths and backgrounds.

Sports Day is an annual event of our school. It promotes physical activity, teamwork and healthy competition. It will include track and field events like races, relays, jumps, throws etc. Encourage your ward to participate and showcase his/her talents & sportsmanship. It is a platform to receive awards and appreciation for outstanding performance. It also fosters a sense of school spirit. This fun and memorable day that promotes fitness and a positive atmosphere is scheduled for 25th November 2023. Remember, a journey started from a single step might be the first step taken by your child towards the recognition of being a successful Olympian in future.
