CIRCULAR - APRIL 2024 NUR - XII

Dear Parents,
Green Greetings From Prelude Family!!!

“A New Session Means New Beginnings, New Adventures and New Challenges.”

April is a pivotal month in the academic calendar, filled with opportunities for academic achievements, personal growth, and celebration for students and schools alike. We at Prelude have always taken pride in nurturing the foundation for a child's promising future. Through our comprehensive programs and dedicated educators, we cultivate a sense of responsibility towards the environment and encourage empathy towards others. We believe that by nurturing these values from an early age, we are shaping tomorrow's leaders who will make a positive impact on the world.

In this academic session, we expect the students must be regular and on time to school. It will help in the overall development of the child.

School lays focus on Wing-Wise Extra Curricular and Co-Curricular Activities as they play a crucial role in a child's holistic development. These activities help students to discover their passion and strengths, building confidence and self-esteem. **Zero Periods (Std. I to X)** are incorporated in the time-table for practice of various sports and cultural activities for all classes except XI & XII. Along with these activities Swimming classes are also conducted from time to time.

As per NEP (National Education Policy, 2020) the school is going to introduce Bagless Days (Std. I to VIII) once a month for students to get them engaged in a variety of activities excelling their interpersonal and vocational skills. Also, Artificial Intelligence, Robotics and Coding Labs are mandatory for the students of Std. I to X to revolutionize learning.

The New Academic Session will commence w.e.f. 2nd April, 2024.
